1) As personally instructed, some of the books which appear to serve no useful purpose in our library here owing to their being antiquated have been marked out in the accompanying catalogue. The books scored out in black lead are those already sent to the Public Library, Bangalore. Those now weeded out may perhaps be of some use in the departments to which they relate. If approved a list of such books will be made out for their being sent to the departments concerned.

The catalogue seems to be very defective and several books are omitted. A complete copy would perhaps be useful even for the preliminary purpose of eliminating useless books

5) Two lists have been made – one of books to be retained in the New Library and the other of those intended to be sent to Heads of Depts. A draft ~~letter~~ do. to the Hds of Depts concerned is submd forwarding a copy of the list of books pertaining to their respective departments & asking them if the books may be sent to them.

There are also some spare copies of some books and orders are solicited as regards their disposal.

6) As regards the Sanskrit books it is submitted that those were sent to the G.R.S Library by the Dept. of Education after sending a set of them to the Chamarajendra Sanskrit College, Bangalore & H.H. the Maharaja's Sanskrit College, Mysore. There are one or two Sanskrit-Pathasalas in Bangalore - one in the Sri Sringeri matt & another in the Sri Uttaradi matt. The Sanskrit-books may be of great use in these institutions.

DIARY NO. 8300

My dear Mr. Narasinga Rao,

I understand that it is under contemplation to weed out some of the Secretariat Library of some superfluous copies of Religious and Philosophical books in English and

Sanskrit and the applications from public institutions for a free gift of the books which can be spared and which will be in their line of activity will be considered.

I am writing this on behalf of the Theosophical Society, Bangalore city in which as you know I am very much interested

I shall be thankful if you will kindly consider in this connection the Society's claims to participate in the free gift. In the past the Society has been liberally treated by you in the matter of a free grant of Silicon and I trust that the good work which it has been doing all these years is within your knowledge.

Thanking you in
anticipation

Yours Sincerely
Charlotte Mew

P.S. I am not mentioning
the titles of books which are
to be copied as I do not know
what books are proposed to
be spared
